GOVERNMENT MEETS
LABOR TROUBLES
CAUSED BY ENEMY

(By Associated Press.)
WASHINGTON, Aug. 2.—Drastic action by the government to meet labor disturbances in the west and southwest which the officials are sure to have been stirred up by a German propaganda, will be taken if the situation grows worse. Intimations of an attempt to call out the United Mine Workers, should the government not intervene on behalf of the Industrial Workers in the labor disputes, have resulted in the department of justice undertaking an inquiry.

PROHIBITION AMENDMENT MUST
BE ADOPTED IN NEXT SIX YEARS

(By Associated Press.)
WASHINGTON, Aug. 2.—The fate of the senate resolution for a nationwide prohibition amendment to the constitution rests with the house. If approved by a two-thirds vote, it will go to the states for ratification. The prohibition constitutional amendment is the first initiated by congress since that providing for popular election of United States senators approved in 1911. It is the first time that either branch of congress has approved a constitutional amendment for prohibition. The senate's action came after three days' debate. All efforts to amend the resolution failed except for the addition of Senator Harding's amendment fixing the six years time limit within which three-fourths of the states must ratify the amendment to make it effective. This was approved, 59 to 25.

An amendment to the resolution, which was submitted by Senator Sheppard of Texas, Democrat, would add the following article to the federal constitution: "The manufacture, sale or transportation of intoxicating liquors, within the importation thereof into or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited. This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several

FIFTY CENTS A DAY
MORE AT LEADVILLE

(By Associated Press.)
LEADVILLE, Colo., Aug. 2.—Mine owners of the Leadville district have granted an increase in wages of fifty cents a day, making the scale \$4 a day. This probably will result in ending the strike which has tied up metal mine operations for ten days. A committee of union and non-union miners agreed Monday night to accept an increase of fifty cents a day. Their original demands were \$1 a day.

SCHOOLBOYS' BODIES
FOUND IN TRENCHES

(By Associated Press.)
LONDON, Aug. 2.—Both British and French gained further ground in the fighting in the Ypres sector yesterday, but the Germans by heavy counterattacks succeeded in recapturing the village of St. Julien and part of the village of Westhoek. According to the official report from British headquarters, the number of Germans made prisoner exceeds 5,000.

The British today launched a counter-attack against the German positions in Flanders and completely re-established their former line in the neighborhood of the Roulers-Ypres railway.

(By Associated Press.)
PARIS, Aug. 2.—Bad weather continues in Belgium. Two German attacks southeast of Rheims failed today. The Germans also attacked in a sector of the Avoncourt wood without success. Several German attacks in Apremont forest, southeast of St. Mihiel, utterly failed.

(By Associated Press.)
A torrential rainfall and the resultant turning of the battlefield—already hard of negotiation at many points—into a veritable quagmire almost halted during Wednesday the great allied offensive in Flanders. For the most part the day was spent by the British and French troops in putting down strong German counterattacks made in endeavor to wrest from their antagonists their former positions. At two points near Ypres, the German using great masses of men, were successful in their counter attacks against the British, but this advantage was offset in the Zillebake and Yser canal sector where respectively the British and French troops advanced their lines.

Meanwhile the guns of the belligerents are beginning to roar along the entire front in reciprocal bombardments preparatory to the commencement of the infantry battle when the clouds lift and the rainfall ceases.

The losses of the Teutons thus far have been extremely heavy, the ground at various points being covered with their dead—some of the killed mere school boys and seemingly unfit physically for the arduous trials the soldier in the present war must undergo. In addition the British alone have taken more than 5,000 prisoners—4,000 of them on the Ypres salient.

On the southern end of the front in the region of the Alsne and on the Verdun sector the Germans continue to carry out offensive operations against General Petain's armies. In spite of their heavy bombardment along the entire Alsne region, however, the French in a vigorous counter-attack east of Corney have made progress and taken prisoners. On the other hand the Germans northwest of Verdun in an

MEXICAN PENSIONS

(By Associated Press.)
MEXICO CITY, Aug. 2.—The department of war has determined to appoint a commission to investigate all claims for pensions due to soldiers or soldiers' families since 1910. Part of the duties of the commission will be to make a census of the men invalided from the army since the first Madero revolt.

attack were able to penetrate French first line trenches in the region between the Avoncourt wood and Hill 304.

Although the Austro-Germans continue to press the Russians in Galicia and Rukowina, having taken further positions from them along the Horodenka-Czernowitz railway and north of the Dniester river, the Russians southeast of Tarnopol, in the vicinity of Trembowla, have taken the offensive in an endeavor to prevent the northern end of their line in Galicia from being pushed back further toward the Russian frontier. The Russians have been successful in capturing one enemy vantage point.

On the northwestern frontier of Rumania the combined Russo Rumanian forces are keeping up their advances against the Austrians and Germans. In their smash at the enemy line between the Putna and Casin valleys they have penetrated it to a depth of from ten to twelve miles and captured 95 guns and in the neighborhood of 4,800 prisoners.

The weekly British admiralty report of vessels sunk by submarines and mines shows a falling off of three vessels in the category of 1,600 tons and over, as compared with the report of the previous week, the figures this week being 18 as against 21 last week. The number of vessels of less than 1,500 tons reported sunk is the same as last week.

COOL WAVE
IS COMING
TO THE EAST

(By Associated Press.)
WASHINGTON, Aug. 2.—The hot wave still continues for at least another day in the east, but the upper lake region and west will have a slight drop in temperature today, the weather bureau predicts.

The highest temperature recorded yesterday was at Needles, Calif., where the mercury climbed to 104. Other high official readings were Hartford, Conn., 100; New York, Boston and Albany, 98; Washington, 95; Philadelphia, 95; Atlantic City and St. Louis, 92, and Chicago, 88.

Rains fell during the day in the Texas Panhandle, Oklahoma, southeastern Kansas and in the upper lake regions and the Ohio valley.

ASKS TO DISSOLVE
INJUNCTION WRIT

Frank Pittman appeared in the district court this morning to argue before Judge Walsh for dissolution of the restraining order granted the White Caps against the Morning Glory. The motion was on the ground that the court did not have jurisdiction and that sufficient cause was not set forth in the affidavit. The arguments continued during the afternoon, Leo Harrington represented the White Caps.

U.S. AGENTS ON TRAIL
OF THOSE WHO LOSE
EXEMPTION RIGHTS

(By Associated Press.)
WASHINGTON, Aug. 2.—Reports to the department of justice show that hundreds of men in the chief cities of the country gave fictitious addresses for draft registration. These are now being sought by government agents. Draft evaders who fail to report for physical examination will be ordered into the service without any further preliminary, losing claim of exemptions and other considerations. Machinery for dealing with them has been set up in co-ordination with the adjutant general of the states and a weekly checking up process has been devised.

NO CLUE TO THE LYNCHERS
WHO HUNG I. W. W. IN BUTTE

(By Associated Press.)
BUTTE, Mont., Aug. 2.—Local authorities announced last night that they were making every effort to apprehend those responsible for the lynching of Frank Little, an Industrial Worker of the World leader.

The police officials, the sheriff and his deputies and the county attorney asserted they were puzzled and that they had no clue which might lead to the discovery of the identity of the men.

The proprietress of the rooming house from which the victim was taken was so overcome by fear that she even failed, she said, to notice which direction the men chose when they departed with Little. She said she probably would not be able to recognize them.

Members of the Metal Mine Workers' union, in which Little had taken an active part since his arrival in this city some three weeks ago, held a meeting this afternoon to discuss the situation. Although some of the more radical members, it is said, advised immediate retaliatory action, conservatism prevailed and the leaders advised the men "to keep their mouths closed."

An intensely bitter feeling is prevalent among the miners, several of whom have made threats, one declaring publicly that "we will get every member of the lynching party, and ten men for every one of us taken."

The chief of police has ordered every available detective to assist in the search for the lynchers, in compliance with Mayor W. H. Maloney's request.

An envelope containing the "ashes of Joe Hill" supposed to be of Frank Little, executed in Utah, was found among Little's effects.
